Dear Parent/Guardian,

[RE: School Act | Section 50.1 Course components Notice and Exemption
Health and Life Skills | Grade 7 to 9](#)

On July 1, 2015, Section 50.1 of the *School Act* replaced Section 11.1 of the *Alberta Human Rights Act*. The Calgary Board of Education is still required to provide parents with notice "where courses of study, educational programs or instructional materials, or instruction or exercises...include subject matter that deals **primarily and explicitly** with **religion and human sexuality**."

Your child is currently enrolled in the Alberta Education **Health and Life Skills** Program of Study in grades seven to nine. The program aims to enable students to make well informed, healthy choices and to develop behaviours that contribute to the wellbeing of self and others. Three General Outcomes serve as the foundation for Health skills. They include wellness choices, relationship choices and life-long learning choices.

Human sexuality education is offered in grade seven as a mandatory component of the Program of Study and is contained in the following learning outcomes:

- **Grade 7:** Examine the human reproductive process, and recognize misunderstandings associated with sexual development; identify the effects of social influences on sexuality and gender roles and equity; examine the influences on personal decision making for responsible sexual behaviour; examine abstinence and decisions to postpone sexual activity as healthy choices
- **Grade 8:** Recognize and accept that individuals experience different rates of physical, emotional, sexual and social development; determine the signs, methods and consequences of various types of abuse; identify and describe the responsibilities and consequences associated with involvement in a sexual relationship; describe symptoms, effects, treatments and prevention for common sexually transmitted disease; identify and describe basic types of contraceptives
- **Grade 9:** Apply coping strategies when experiencing different rates of physical, emotional, sexual and social development; evaluate implications and consequences of sexual assault on a victim and those associated with that victim; determine "safer" sex practices; identify and describe the responsibilities and resources associated with pregnancy and parenting; develop strategies that address factors to prevent or reduce sexual risk

For more specific information about these learning outcomes, parents may wish to go to <http://education.alberta.ca/teachers/program/health/programs.aspx>

Instruction involving the subject matter is expected to be provided commencing on: **February 10th, 2020.**

Pursuant to Section 50.1(2) of the *School Act*, you as a parent/guardian may request that your child be excluded from the above-identified instruction, without academic penalty, by having your child either:

- a | leave the classroom or place where the instruction is taking place or where the instructional material is being used for the duration of that part of the instruction; or
- b | remain in the classroom or place where the instruction is taking place without taking part in the instruction or use of the instructional material.

Sign and return the attached student Exemption Form, or otherwise indicate in writing, to your child's teacher on or before the Commencement Date of the instruction that you wish to exercise your right to exclude your child by one of the means indicated above. If your child's teacher does not receive this form prior to the Commencement date, your child will be included in the instruction.
